

### **Literacy**

We will explore stories, developing imagination and creativity in their writing.

They will also learn to create non-chronological reports to share information clearly, as well as writing invitations linked to celebrations, and writing poetry.

### **Numeracy**

We will cover a range of mathematical skills focusing on number, additive reasoning and geometry.

### **Science**

We will learn about the different types of human teeth and their simple functions.

We will study the digestive system, understanding the role of the mouth, stomach, intestines and other parts in breaking down food and absorbing nutrients.

We will also look at skeletons and muscles, recognising how they support the body, protect vital organs and enable movement.

### **Geography**

We will explore UK cities and regions, physical and human features, and how places change over time.

Also looking at countries of the world, with a focus on Europe and Russia.

### **History**

The focus is on Roman civilisation: notable people and culture, gods and, exploring their way of life,

## **Keller Class**

### **Autumn Curriculum Overview**

#### **Theme: Busy Bodies**

### **Art**

We will make Roman shields, coins, jewellery and create Viking ships

### **Drama**

Our focus will be on mask work and developing drama skills through movement, storytelling, and improvisation.

### **Music**

We will explore body percussion and learn to play the Glockenspiel.

### **PSHE & RSE**

We will focus on peer influence, recognising the risks of substance use and gang involvement, and learning how to spot and build healthy friendships. We will also explore different career options, and practise goal setting to support future aspirations.

### **RE**

Beliefs and practices of Christianity  
Buddhism and Hinduism.

### **Food technology (Autumn 1)**

We will be focusing on slicing, chopping, using an air fryer, a toaster, an electric hob and oven

### **Design Technology (Autumn 2)**

Pupils are designing and making fidget toys: sawing wood and using a sewing machine as part of the whole process.

### **PE**

Students will be practising different techniques in netball, hockey, health and fitness as well as table tennis.

### **PO**

We will be focusing on wilderness skills such as tracking, identifying safe and unsafe food and water, pioneering knots, making tripods and star gazing chairs.
