

English

Learners will create their own book: About Me. Pupils will also visit the local Highstreet to purchase food and drink. In reading we will explore books and food packaging.

Maths

In Measure, Shape and Space learners will explore big, small, long, short, light & heavy. Learners will use their knowledge of shape to describe equipment. Pupils will use positional language to give and follow instructions.

Science

This term, we will take part in a Life Skills challenge focused on staying safe in the science laboratory and working safely during experiments. We will also identify common household chemicals and participate in activities to learn how to use and handle them safely.

Pathways

First Aid - Pupils will be learning about immediate care when someone is injured or suddenly falls ill before professional medical help arrives.

Environmental Awareness - Pupils will be learning about how human actions affect the natural world, including ecosystems, climate, and wildlife.

Class Eilish Spring Curriculum Overview

Enrichment

Photography: Learners will explore iPad photography to take, edit and share images. Key skills will include focus, zoom and cropping.

Communication

Asking and answering questions.

PSHE & RSE

Personal values, assertive communication (including in relation to contraception and sexual health), relationship challenges and abuse.

Responsible health choices, and safety in independent contexts

PE

This term, Year 10/11 will be learning about Movement and Target Games. Lessons will focus on developing key skills such as coordination, balance, accuracy, and teamwork, helping pupils build a strong foundation that supports participation across a wide range of sports and physical activities

Food Tech

Theme: Food Around the World. Learners will make: Omelette, Pizza, Burger & Chips, Chilli Con Carne and Risotto. We will also be working towards various food related AQA Unit Awards.
